Ed-Data Partnership

<http://www.ed-data.org/welcome.asp>

Provides fiscal, demographic, and performance data on California's K-12 public schools. You can generate comparative charts and search by school, district, county, and state.

California Department of Education (CDE)

The public website for the state Department of Education provides all publicly available information about the state agency and local educational resources. EdSource provides an overview of all the resources available at CDE. http://www.edsource.org/data_cde-guide.html

CDE - Data Quest

<http://data1.cde.ca.gov/dataquest/>

Provides access to up-to-date demographic and assessment data. You can get access to raw data and generate summary reports by school, district, county, and state.

County Offices of Education

Bay Area County Offices of Education provide services and oversight to multiple school districts, except for the San Francisco County Office of Education is aligned only to the San Francisco Unified School District. COEs have superintendents and elected boards. County Offices oversee all requests for changes in school district boundaries and configurations. Other responsibilities may include:

- Oversight of district finances
- Business services to school districts
- Health service program delivery
- Training and education of prisoners
- Professional development programs

- Special instructional programs to “at-risk” students (e.g, homeless, pregnant minors, detained juveniles)
- Vocational education
- Special education
- Head Start
- CalWORKs
- Programs for Indian Education and Migrant Education

The Bay Area County Offices of Education are:

County	Phone	Address	Web
Alameda	510-887-0152	313 West Winton Ave., Hayward, CA 94544-1136	http://www.acoe.org

California School Boards Association

<http://www.csba.org/>

The California School Boards Association is a collaborative group of virtually all of the state’s more than 1,000 school districts and county offices of education. It brings together school governing boards and their districts and county offices on behalf of California’s children. CSBA is a member-driven association that supports the governance team — school board members, superintendents and senior administrative staff — in its complex leadership role. CSBA develops, communicates and advocates the perspective of California school districts and county offices of education. Regions 3 (Napa, Solano, Sonoma, Marin), 5 (San Francisco, San Mateo), 7 (Contra Costa, Alameda), and 20 (Santa Clara) serve the Bay Area.
